STATEMENT OF CONFIDENTIALITY

COMES NOW, COG Operating LLC (“Concho”) to provide notice to all parties in this docket of its confidential information in the direct testimony of Terry Burkes, which has been designated as “Protected Material” under Section 4 of the Commission’s standard Protective Order and being submitted under seal to the Public Utility Commission (the “Commission” or “PUC”) on January 10, 2019. The Protected Material, comprising Concho’s identification of proven-undeveloped wells, contingent wells, probable wells, and possible wells in the Southern Delaware Basin, is being filed in the Commission’s Central Records under seal. The Protected Material will be provided to any authorized individual under the Protective Order upon reasonable request. There is no public, redacted version of the attachment to Mr. Burkes’ testimony, but Mr. Burkes’ Attachment TB-2 shows Concho’s existing drilled wells in the Southern Delaware Basin.

Concho asserts the confidential information in its confidential exhibit to Mr. Burkes’ direct testimony should be afforded “Protected Material” treatment because it is excepted from public disclosure under Sections 552.104 and 552.110 of the Texas Public Information Act, TEX. Gov’T CODE ANN. §§ 552.001-.353. The confidential information contains competitively-sensitive information, trade secret information, or commercial or financial information, the public disclosure of which would cause substantial competitive harm to Concho. Section 552.101

of the TPIA exempts information considered confidential, by law, from public disclosure. The sensitive nature of this information also is recognized under Sections 552.104 and 552.110(b) of the TPIA. Concho does not publicly disclose the information it identified as protected information and Concho views it as commercially sensitive information.

By his signature below, counsel for Concho certifies he reviewed the confidential information sufficiently to state in good faith it is exempt from public disclosure under the Texas Public Information Act and merits the "Protected Material" designation.

Respectfully submitted,

BAYLIFF LAW FIRM PLLC
